

(b) A production flexibility contract shall begin with the 1996 crop of a contract commodity or in the case of acreage that was enrolled in the Conservation Reserve Program, the date the production flexibility contract was entered into or modified to include the acreage previously subject to the Conservation Reserve Program contract.

(c) All contracts shall terminate on September 30, 2002, unless terminated at an earlier date by mutual consent of all parties.

(d) A contract for farms whose Conservation Reserve Program contract terminates after August 1, 1996, shall be signed by a producer no later than November 30 of the fiscal year following the fiscal year the Conservation Reserve Program contract is terminated.

(e) A Conservation Reserve Program contract that is terminated:

(1) In fiscal year 1996, if the effective date of the Conservation Reserve Program contract termination is earlier than August 1, 1996, and the land that was subject to the Conservation Reserve Program contract is enrolled in a production flexibility contract, the owner or producer is eligible to receive both the 1996 production flexibility contract payment and a prorated Conservation Reserve Program payment.

(2) In fiscal years 1997 through 2002, if a conservation reserve contract is terminated, and the land that was subject to the conservation reserve contract is enrolled in a production flexibility contract, the owner or producer may elect to receive either the production flexibility contract payments or a prorated Conservation Reserve Program payment, but not both.

**Subpart—Loan and Loan Deficiency Payment Regulations for the 1996 through 2002 Crops of Wheat, Feed Grains, Rice, Oilseeds (Canola, Flaxseed, Mustard Seed, Rapeseed, Safflower, Soybeans, and Sunflower Seed), and Farm-Stored Peanuts**

SOURCE: 61 FR 37581, July 18, 1996, unless otherwise noted.

**§ 1421.1 Applicability.**

(a) The regulations of this subpart are applicable to the 1996 through 2002 crops of barley, corn, grain sorghum, oats, peanuts, rice, wheat, and oilseeds as set forth in § 1421.3. These regulations set forth the terms and conditions under which loans shall be entered into and loan deficiency payments made by the Commodity Credit Corporation (CCC). Additional terms and conditions are set forth in the note and security agreement and the loan deficiency payment application that must be executed by a producer to receive loans and loan deficiency payments. All loans made under this subpart are nonrecourse unless as noted in § 1421.31. With respect to warehouse-stored loans for peanuts, loans shall be made in accordance with part 1446 of this chapter.

(b) Basic county loan rates, the schedule of premiums and discounts, and forms that are used in administering loans and loan deficiency payments for a crop of a commodity are available in State and county FSA offices (State and county offices, respectively). The forms for use in connection with the programs in this section shall be prescribed by CCC.

(c)(1) Loans and loan deficiency payments shall be available as provided in this part with regard to barley, corn, grain sorghum, oats, oilseeds, and wheat produced in the United States.

(2) Loans and loan deficiency payments shall be available only with respect to rice produced in the continental United States.

(3) Farm-stored loans shall be available only with respect to farmer stock peanuts, as defined in part 1446 of this chapter, that are produced in the

United States and that are also of a type specified in part 729 of this title.

(d) Loans and loan deficiency payments shall not be available with respect to any commodity produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

**§ 1421.2 Administration.**

(a) The loan and loan deficiency payment program that is applicable to a crop of a commodity shall be administered under the general supervision of the Executive Vice President, CCC (Administrator, FSA) and shall be carried out in the field by State and county FSA committees (State and county committees, respectively).

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by these regulations that has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, an action taken by such county committee that is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with the regulations of this part.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC, or a designee or the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not affect adversely the operation of the loan and loan deficiency payment program.

(f) A representative of CCC may execute loans and loan deficiency payment

### § 1421.3

### 7 CFR Ch. XIV (1-1-00 Edition)

applications and related documents only under the terms and conditions determined and announced by CCC. Any such document that is not executed in accordance with such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.

#### § 1421.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration. The terms defined in part 718 of this title and parts 1412, 1425, and 1427 of this chapter shall also be applicable, except where those definitions conflict with the definitions set forth in this section.

*Basic loan rate* means the loan rate established by CCC for a commodity before any adjustment for premiums and discounts.

*Charges* means all fees, costs, and expenses incurred in insuring, carrying, handling, storing, conditioning, and marketing the commodity tendered to CCC for loan. Charges also include any other expenses incurred by CCC in protecting CCC's or the producer's interest in such commodity.

*High moisture commodities* means corn and grain sorghum normally harvested and intended to be stored or marketed in a high moisture condition.

*Loan deficiency quantity* means the eligible quantity that was certified by the producer as eligible to be pledged as collateral for a loan, for which the producer elected to forgo obtaining the loan.

*Loan quantity* means the quantity on which the loan was disbursed shown on the note and security agreement.

*Oilseeds* means any crop of soybeans, sunflower seed, canola, rapeseed, safflower, flaxseed, mustard seed, and other oilseeds as determined and announced by CCC.

#### § 1421.4 Eligible producers.

(a) An eligible producer of a crop of a commodity shall be a person (i.e., an individual, partnership, association, corporation, estate, trust, State or political subdivision or agency thereof, or other legal entity) that:

(1) Produces such a crop as a landowner, landlord, tenant, or sharecropper, or in the case of rice, furnishes

land, labor, water, or equipment for a share of the rice crop;

(2) Meets the requirements of this part; and

(3) Meets the requirements of parts 12, 718, 1405, 1412, and 1446 of this title.

(b) A receiver or trustee of an insolvent or bankrupt debtor's estate, an executor or an administrator of a deceased person's estate, a guardian of an estate of a ward or an incompetent person, and trustees of a trust shall be considered to represent the insolvent or bankrupt debtor, the deceased person, the ward or incompetent, and the beneficiaries of a trust, respectively, and the production of the receiver, executor, administrator, guardian, or trustee shall be considered to be the production of the person or estate represented by the receiver, executor, administrator, guardian, or trustee. Loan or loan deficiency payment documents executed by any such person will be accepted by CCC only if they are legally valid and such person has the authority to sign the applicable documents.

(c) A minor who is otherwise an eligible producer shall be eligible to receive loans or loan deficiency payments only if the minor meets one of the following requirements:

(1) The right of majority has been conferred on the minor by court proceedings or by statute;

(2) A guardian has been appointed to manage the minor's property and the applicable loan or loan deficiency payment documents are signed by the guardian;

(3) Any note signed by the minor is cosigned by a person determined by the county committee to be financially responsible; or

(4) A bond is furnished under which a surety guarantees to protect CCC from any loss incurred for which the minor would be liable had the minor been an adult.

(d)(1) Two or more producers may obtain a single joint loan with respect to commodities that are stored in the same farm storage facility. Two or more producers may obtain individual loans with respect to their share of the commodity that is stored commingled in a farm storage facility with commodities owned by other producers if such other producers execute Form

CCC-665 that provides that such producers shall obtain the permission of a representative of the county committee before removal of any quantity of the commodity from the storage facility. All producers who store a commodity in a farm storage facility in which commodities that have been pledged as collateral for a loan shall be liable for any damage incurred by CCC with respect to the deterioration or unauthorized removal or disposition of such commodities in accordance with § 1421.17.

(2) Two or more producers may obtain a single joint loan with respect to commodities that are stored in an approved warehouse if the warehouse receipt that is pledged as collateral for the loan is issued jointly to such producers.

(3) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the regulations set forth in this part. Each such producer shall also remain liable for repayment of the entire loan amount until the loan is fully repaid without regard to such producer's claimed share in the commodity pledged as collateral for the loan. In addition, such producer may not amend the note and security agreement with respect to the producer's claimed share in such commodities, or loan proceeds, after execution of the note and security agreement by CCC.

(e)(1) The county committee may deny a producer a loan on farm-stored commodities if the producer has:

- (i) Been convicted of a criminal act;
- (ii) Has made a misrepresentation, with respect to acquiring a farm-stored loan or in the maintenance of the commodity pledged as security for a farm-stored loan; or
- (iii) Failed to protect adequately the interests of CCC in the commodity pledged as security for a farm-stored loan.

(2) In such cases, the producer shall be ineligible for subsequent farm-stored loans unless the county committee determines that the producer will adequately protect CCC's interest in the commodity that would be pledged as collateral for such a loan. A

producer who is denied a farm-stored loan will be eligible to pledge a commodity as collateral for a warehouse-stored loan.

(f) Warehouse-stored loans may be made to a warehouse operator who, acting on behalf and with the authorization of a producer, tenders to CCC warehouse receipts issued by such warehouse operator for a commodity produced by such warehouse operator only in those States where the issuance and pledge of such warehouse receipts is valid under State law.

(g) An approved cooperative marketing association (CMA) may obtain a loan on the eligible production of such commodity or loan deficiency payment with respect to such commodity on behalf of the members of the CMA who are eligible to receive loans and loan deficiency payments with respect to a crop of a commodity. For purposes of this subpart and in applicable loan and loan deficiency payment forms, the term producer includes an approved CMA.

(h) With respect to peanuts tendered to CCC for loan, a producer must also meet the provisions of part 1446 of this title. Before obtaining a farm-stored loan with respect to additional peanuts, a producer must register as a handler with the State FSA office of the State in which the producer's farm is located.

(i)(1) Two or more producers may obtain a single joint loan deficiency payment with respect to commodities that are stored in the same farm storage facility. Two or more producers may obtain individual loan deficiency payments with respect to their share of the commodity that is stored commingled in a farm storage facility with commodities owned by other producers. All producers who store a commodity in a farm storage facility in which commodities for which a loan deficiency payment has been requested shall be liable for any damage incurred by CCC with respect to incorrect certification of such commodities in accordance with § 1421.16.

(2) Two or more producers may obtain a single joint loan deficiency payment with respect to commodities that are stored in an approved or unapproved warehouse if the acceptable

## § 1421.5

## 7 CFR Ch. XIV (1-1-00 Edition)

documentation representing an eligible commodity for which a loan deficiency payment is requested is completed jointly for such producers.

(3) Each producer who is a party to a joint loan deficiency payment will be jointly and severally responsible and liable for the breach of the obligations set forth in the loan deficiency payment documents and in the applicable regulations in this subpart.

### § 1421.5 General eligibility requirements.

(a) A producer must, unless otherwise authorized by CCC, request loans and loan deficiency payments at the county office that, in accordance with part 718 of this title, is responsible for administering programs for the farm on which the commodity was produced. An approved CMA must, unless otherwise authorized by CCC, request loans and loan deficiency payments at the location designated by CCC. An eligible producer who produces a crop of barley, corn, grain sorghum, oats, rice, or wheat on a farm covered by a production flexibility contract shall be eligible for a loan on any production of that commodity. In the case of oilseeds, any production produced by an eligible producer shall be eligible for a loan. To receive loans or loan deficiency payments for a crop of a commodity, a producer must execute a note and security agreement or loan deficiency payment application on or before:

(1) January 31 of the year following the year in which the crop of peanuts is normally harvested for additional peanuts pledged as collateral for a farm-stored loan;

(2) March 31 of the year following the year in which the following crops are normally harvested: quota peanuts pledged as collateral for a farm-stored loan, barley, canola, flaxseed, oats, rapeseed, and wheat;

(3) April 30 of the year following the year in which the crop of peanuts is harvested for quota peanuts tendered for purchase; or

(4) May 31 of the year following the year in which the following crops are normally harvested: corn, grain sorghum, mustard seed, rice, safflower, soybeans, and sunflower seed.

(b)(1) To be eligible to receive loans or loan deficiency payments, commodities must be tendered to CCC by an eligible producer and must be eligible and in existence when approved by CCC. To be eligible to receive loans, commodities must also be stored in approved storage at the time of disbursement of loan proceeds. The commodity must not have been sold, nor any sales option on such commodity granted, to a buyer under a contract that provides that the buyer may direct the producer to pledge the commodity to CCC as collateral for a loan or to obtain a loan deficiency payment. Such commodities must also be merchantable for food, feed, or other uses determined by CCC and must not contain mercurial compounds, toxin producing molds, or other substances poisonous to humans or animals. Notwithstanding any other provision of this part, such commodities that contain vomitoxin levels of 5 or less parts per million or contain levels of more than 5 parts per million, may be eligible for a nonrecourse or recourse loan, respectively. Corn containing aflatoxin levels not exceeding 20 parts per billion may be eligible for a nonrecourse loan.

(2) The determination of class, grade, grading factors, milling yields, and other quality factors, including the determination of type, quality and quantity for peanuts:

(i) With respect to barley, canola, corn, flaxseed, grain sorghum, oats, rice, soybeans, sunflower seed for extraction of oil, and wheat, shall be based upon the Official United States Standards for Grain and the Official United States Standards for Rice as applied to rough rice whether or not such determinations are made on the basis of an official inspection. The costs of an official grade determination may be paid by CCC. The grade and grading requirements that are used in administering loans and loan deficiency payments for the commodities in this paragraph are available in State and county offices.

(ii) With respect to a crop of mustard seed, rapeseed, safflower seed, and sunflower seed used for a purpose other than to extract oil, shall be based on quality requirements established and announced by CCC, whether or not such

determinations are made on the basis of an official inspection. The costs of an official quality determination may be paid by CCC. The quality requirements that are used in administering loans and loan deficiency payments for the oilseeds in this paragraph are available in State and county offices.

(iii) With respect to peanuts, shall be determined at the time of delivery to CCC by a Federal-State Inspector authorized or licensed by the Secretary.

(3) Corn pledged as collateral for a farm-stored loan may be ear or shelled corn, but may not be ground ear corn. If the collateral is ear corn, the producer must:

(i) Before delivery to CCC, shell such corn without cost to CCC; and

(ii) Before removal of the commodity for shelling, have the approval of CCC in accordance with §1421.20. Corn pledged as collateral for a warehouse-stored loan must be shelled corn.

(4) When a quantity of a commodity is determined by weight, the following shall apply:

(i) A bushel of barley shall be 48 pounds of barley free of dockage;

(ii) A bushel of corn shall be 56 pounds of shelled corn;

(iii) A bushel of oats shall be 32 pounds of oats;

(iv) Quantities of peanuts shall be determined in tons and hundredths of a ton;

(v) Quantities of farm-stored rice shall be in whole units of 100 pounds of rice;

(vi) A bushel of soybeans shall be 60 pounds of soybeans with no more than 1 percent foreign material;

(vii) A bushel of grain sorghum shall be 56 pounds of grain sorghum free of dockage;

(viii) A bushel of wheat shall be 60 pounds of wheat free of dockage;

(ix) Quantities of farm-stored canola, flaxseed, mustard seed, rapeseed, safflower seed, and sunflower seed shall be determined in whole units of 100 pounds of the respective commodity;

(x) A bushel of canola shall be 50 pounds of canola free of dockage;

(xi) A bushel of flaxseed shall be 56 pounds of flaxseed free of dockage;

(xii) A bushel of mustard seed shall be 54 pounds of mustard seed free of dockage;

(xii) A bushel of rapeseed shall be 50 pounds of rapeseed free of dockage;

(xiv) A bushel of safflower seed shall be 40 pounds of safflower seed free of dockage; and

(xv) A bushel of sunflower seed shall be 28 pounds of sunflower seed free of foreign material.

(5) With respect to farm-stored loans and loan deficiency payments, all determinations of weight and quality, except as otherwise agreed to by CCC, shall be determined at the time of delivery of the commodity to CCC or at the time the loan deficiency payment application is filed.

(c)(1) To be eligible to receive loans or loan deficiency payments, a producer must have the beneficial interest in the commodity that is tendered to CCC for a loan or loan deficiency payment. The producer must always have had the beneficial interest in the commodity unless, before the commodity was harvested, the producer and a former producer whom the producer tendering the commodity to CCC has succeeded had such an interest in the commodity. Commodities obtained by gift or purchase shall not be eligible to be tendered to CCC for loans or loan deficiency payments. Heirs who succeed to the beneficial interest of a deceased producer or who assume the decedent's obligations under an existing loan or loan deficiency payment shall be eligible to receive loans and loan deficiency payments whether succession to the commodity occurs before or after harvest so long as the heir otherwise complies with the provisions of this part.

(2) A producer shall not be considered to have divested the beneficial interest in the commodity if the producer retains control, title, and risk of loss in the commodity, including the right to make all decisions regarding the tender of such commodity to CCC for loans or loan deficiency payments, and the producer:

(i) Executes an option to purchase, whether or not a payment is made by the potential buyer for such option to purchase, with respect to such commodity if all other eligibility requirements are met and the option to purchase contains the following provision:

Notwithstanding any other provision of this option to purchase, title, risk of loss,

## § 1421.5

## 7 CFR Ch. XIV (1-1-00 Edition)

and beneficial interest in the commodity, as specified in 7 CFR part 1421, shall remain with the producer until the buyer exercises this option to purchase the commodity. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of: (1) The maturity of any CCC loan which is secured by such commodity; (2) the date the CCC claims title to such commodity; or (3) such other date as provided in this option or

(ii) Enters into a contract to sell the commodity if the producer retains title, risk of loss, and beneficial interest in the commodity and the purchaser does not pay to the producer any advance payment amount or any incentive payment amount to enter into such contract except as provided in part 1425 of this chapter.

(3) If loans and loan deficiency payments are made available to producers through an approved CMA in accordance with part 1425 of this chapter, the beneficial interest in the commodity must always have been in the producer-member who delivered the commodity to the CMA or its member CMA's, except as otherwise provided in this section. Commodities delivered to such a CMA shall not be eligible to receive loans or loan deficiency payments if the producer-member who delivered the commodity does not retain the right to share in the proceeds from the marketing of the commodity as provided in part 1425 of this chapter.

(d)(1) A producer may, before the final date for obtaining a loan for a commodity, re-offer as collateral for such a loan any commodity that had been previously pledged as collateral for a loan, except with respect to:

(i) Commodities that have been acquired in accordance with part 1401 of this chapter;

(ii) Commodities that have been redeemed at a rate that is less than the loan rate as determined in accordance with § 1421.25; and

(iii) Commodities for which a payment has been made in accordance with § 1421.29.

(2) The commodity re-offered as security for the subsequent loan shall have the same maturity date as the original loan.

(e) Producers who redeem loan collateral at the lower loan repayment

rate in accordance with § 1421.25 or, in lieu of receiving a loan receive a loan deficiency payment in accordance with § 1421.29, shall provide CCC with:

(1) Evidence of production of the collateral such as sales receipts or other written documentation acceptable to CCC; or

(2) The storage location of the collateral that has not been otherwise disposed of and allow CCC access to such collateral; and

(3) Permission to inspect, examine, and make copies of the records and other written data as deemed necessary to verify the eligibility of the producer and commodity.

(f) Producers who redeem loan collateral or receive a loan deficiency payment for a commodity in accordance with paragraph (e) of this section must provide evidence of production acceptable to CCC before the final loan availability date of the crop year for such commodity following the crop year for which the loan or loan deficiency payment was made. Production evidence includes but is not limited to:

(1) Evidence of sales;

(2) Load summary or assembly sheets;

(3) Warehouse receipts issued by a warehouse that is approved according to § 1421.8(b) or by a warehouse that is not approved; and

(4) Quantities determined by measurement at CCC's discretion.

(g) If the producer fails to provide acceptable evidence of production as required in paragraph (e)(1) of this section, such producer shall be required to repay the market gain or loan deficiency payment and charges, plus interest.

(h) The loan documents shall not be presented for disbursement unless the commodity subject to the note and security agreement is an eligible commodity, in existence, and is in approved storage. If the commodity was not either an eligible commodity, in existence, or in approved storage at the time of disbursement, the total amount disbursed under the loan and charges plus interest shall be refunded promptly by the producer.

(i) CCC shall limit the total loan quantity for a loan disbursement or

## Commodity Credit Corporation, USDA

## § 1421.7

loan deficiency quantity for a loan deficiency payment based on a subsequent increase in the quantity of eligible commodity by the final loan availability date to 100 percent of the outstanding quantity of such loan or loan deficiency payment application. A producer may obtain a separate loan or loan deficiency payment before the final loan availability date for the commodity for quantities in excess of 100 percent of such quantity if such quantities are an otherwise eligible commodity.

### § 1421.6 Maturity dates.

(a)(1) All loans shall mature on demand by CCC and with respect to:

(i) All commodities, except peanuts and loan collateral transferred in accordance with §1421.17(c) and (d), no later than the last day of the 9th calendar month following the month in which the note and security agreement is filed in accordance with §1421.5(a) and approved; and

(ii) Peanuts, April 30 of the year following the year the commodity is normally harvested.

(2) CCC may at any time accelerate the loan maturity date by providing the producer notice of such acceleration at least 30 days in advance of the accelerated maturity date.

(3) The request for a loan shall not be approved until all producers having an interest in the collateral sign the note and security agreement and CCC approves such note and security agreement.

(b) If a producer fails to settle the loan in accordance with paragraph (a) of this section within 30 days from the maturity date of such loan, or other reasonable time period as established by CCC, a claim for the loan amount and charges plus interest shall be established. CCC shall:

(1) Inform the producer before the maturity date of the loan of the date by which the loan must be settled or a claim will be established in accordance with part 1403 of this title; and

(2) If the producer delivers the loan collateral in accordance with §1421.22 after a claim is established:

(i) Determine the value of the settlement for such collateral in accordance with §1421.22;

(ii) Waive interest on the loan amount that accrued before the establishment of the claim with respect to the settlement value of the quantity delivered from the date such loan proceeds were disbursed through the loan maturity date. Interest that accrues after the establishment of the claim shall not be waived; and

(iii) Reduce the outstanding claim amount arising from the loan by the amount of the settlement value of the quantity delivered plus the amount of interest that was waived.

### § 1421.7 Adjustment of basic loan rates.

(a) Basic loan rates for a commodity may be established on a State, regional, or county basis and may be adjusted by CCC to reflect quality and location applicable to the commodity and as otherwise provided in this section.

(b) The basic loan rates for the wheat, corn, barley, oats, grain sorghum, rice, peanuts, soybean, canola, flaxseed, mustard seed, rapeseed, safflower, and sunflower seed crops will be determined by CCC and made available at State and county offices.

(c)(1) With respect to all commodities except peanuts and rice, warehouse-stored loans shall be disbursed at levels based on the basic county loan rate for the county where the commodity is stored, adjusted for the schedule of premiums and discounts established for the commodity on the basis of quality factors set forth on warehouse receipts or supplemental certificates and for other quality factors, as determined and announced by CCC.

(2) With respect to rice, warehouse-stored loans shall be disbursed at levels based on the milling yields times the whole and broken kernel loan rates, adjusted for the schedule of discounts on the basis of quality factors set forth on warehouse receipts or supplemental certificates and for other quality factors, as determined and announced by CCC.

(3) With respect to commodities moved from one warehouse to another in accordance with the terms and conditions prescribed by CCC on Form CCC-699, Reconcentration Agreement and Trust Receipt, the loan rate will be

## § 1421.8

## 7 CFR Ch. XIV (1-1-00 Edition)

adjusted to reflect the new storage location.

### § 1421.8 Approved storage.

(a) Approved farm storage shall consist of a storage structure located on or off the farm (excluding public warehouses) that is determined by CCC to be under the control of the producer and to afford safe storage of the commodity pledged as collateral for a loan. As may be determined and announced by the Executive Vice President, CCC, approved farm storage may also include on-ground storage, temporary storage structures, or other storage arrangements.

(b) Approved warehouse storage shall consist of:

(1) A public warehouse for which a CCC storage agreement for the commodity is in effect and that is approved by CCC for price support purposes. Such a warehouse is referred to in this subpart as an approved warehouse. The names of approved warehouses may be obtained from the Kansas City Commodity Office, P.O. Box 419205, Kansas City, Missouri 64141-6205, or from State and county offices.

(2) A warehouse operated by an approved CMA as defined in part 1425 of this chapter.

(c) The approved storage requirements provided in this section may be waived by CCC if the producer requests a loan deficiency payment pursuant to the loan deficiency payment provisions contained in § 1421.29.

### § 1421.9 Warehouse receipts.

(a) Warehouse receipts tendered to CCC with respect to a loan or loan deficiency payment must meet the provisions of this section and all other provisions of this part, and CCC program documents.

(b) Warehouse receipts must be issued in the name of the eligible producer or CCC. If issued in the name of the eligible producer, the receipts must be properly endorsed in blank in order to vest title in the holder. Receipts must be issued by an approved warehouse and must represent a commodity that is deemed to be stored commingled. The receipts must be negotiable and must represent a commodity that is the same quantity and quality as the

eligible commodity actually in storage in the warehouse of the original deposit. However, warehouse receipts may be issued by another warehouse if the eligible commodity was reconcentrated in accordance with the provisions of § 1421.20(c).

(c) If the receipt is issued for a commodity that is owned by the warehouse operator either solely, jointly, or in common with others, the fact of such ownership shall be stated on the receipt. In States where the pledge of warehouse receipts issued by a warehouse operator on the warehouse operator's commodity is invalid, the warehouse operator may offer the commodity to CCC for loan if such warehouse is licensed and operating under the U.S. Warehouse Act.

(d) Each warehouse receipt or accompanying supplemental certificate representing a commodity stored in an approved warehouse that has a storage agreement with CCC shall indicate that the commodity is insured in accordance with such agreement. The cost of such insurance shall not be for the account of CCC.

(e) A separate warehouse receipt must be submitted for each grade and class of any commodity tendered to CCC and, with respect to rice, such receipt must also state the milling yield of the rice.

(f)(1) Each warehouse receipt, or a supplemental certificate (in duplicate) that properly identifies the warehouse receipt, must be issued in accordance with the Uniform Grain and Rice Storage Agreement or the U.S. Warehouse Act, as applicable, and must indicate:

(i) The name and location of the storing warehouse;

(ii) The warehouse code assigned by CCC;

(iii) The warehouse receipt number;

(iv) The date the receipt was issued;

(v) The type of commodity;

(vi) The date the commodity was deposited or received;

(vii) The date to which storage has been paid or the storage start date;

(viii) Whether the commodity was received by rail, truck or barge;

(ix) The amount per bushel, pound, or hundredweight of prepaid in or out charges;

(x) The signature of the warehouse operator or the authorized agent; and

(xi) For warehouses operating under a merged warehouse code agreement (KC-385), the location and county to which the producer delivered the commodity.

(2) In addition to the information specified in paragraph (f)(1) of this section, additional commodity specific requirements shall be determined by CCC and are available at State and county offices and the Kansas City Commodity Office.

(g) If a warehouse receipt indicates that the commodity tendered for loan grades "infested" or "contains excess moisture", or both, the receipt must be accompanied by a supplemental certificate as provided in § 1421.18 in order for the commodity to be eligible for a loan. The grade, grading factors, and quantity to be delivered must be shown on the certificate as follows:

(1) When the warehouse receipt shows "infested" and the commodity has been conditioned to correct the infested condition, the supplemental certificate must show the same grade without the "infested" designation and the same grading factors and quantity as shown on the warehouse receipt.

(2)(i) When the warehouse receipt shows that the commodity contained excess moisture and the commodity has been dried or blended, the supplemental certificate must show the grade, grading factors, and quantity after drying or blending of the commodity. Such entries shall reflect a drying or blending shrinkage as provided in paragraph (g)(2)(iv) of this section.

(ii) When a supplemental certificate is issued in accordance with paragraphs (g)(1) and (g)(2)(i) of this section, the grade, grading factors and the quantity shown on such certificate shall supersede the entries for such items on the warehouse receipt.

(iii) If the commodity has been dried or blended to reduce the moisture content, the quantity specified on the warehouse receipt or the supplemental certificate shall represent the quantity after drying or blending.

(iv) For commodities dried or blended in accordance with paragraph (g)(2)(iii) of this section, such quantity shall re-

flect a minimum shrinkage in the receiving weight excluding dockage:

(A) For the following commodities, 1.3 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

- (1) Barley: 14.5 percent;
- (2) Corn: 15.5 percent;
- (3) Grain sorghum: 14.0 percent;
- (4) Oats: 14.0 percent;
- (5) Rice: 14.0 percent;
- (6) Soybeans: 14.0 percent; and
- (7) Wheat: 13.5 percent.

(B) For the following commodities, 1.1 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

- (1) Canola: 10.0 percent;
- (2) Flaxseed: 9.0 percent;
- (3) Mustard Seed: 10.0 percent;
- (4) Rapeseed: 10.0 percent;
- (5) Safflower Seed: 10.0 percent; and
- (6) Sunflower Seed: 10.0 percent.

(h)(1) If, in accordance with paragraph (g) of this section, a supplemental certificate is issued in connection with a warehouse receipt, such certificate must state that no lien for processing will be asserted by the warehouse operator against CCC or any subsequent holder of such receipt.

(2) Warehouse receipts and the commodities represented by such receipts that are stored in an approved warehouse that is operating in accordance with a Uniform Grain and Rice Storage Agreement (UGRSA) may be subject to a lien for warehouse charges only to the extent provided in § 1421.10. In no event shall a warehouse operator be entitled to satisfy such a lien by sale of the commodities when CCC is the holder of such receipt.

(i) Warehouse receipts representing commodities that have been shipped by rail or by barge, must be accompanied by supplemental certificates completed in accordance with paragraph (f) of this section.

#### § 1421.10 Warehouse charges.

(a) CCC-approved handling and storage rates that may be deducted from loan proceeds are available in State and county offices. Such deductions shall be based upon the entries on the

#### § 1421.11

warehouse receipt or supplemental certificate, but in no case shall be higher than the CCC approved rate. No storage deduction shall be made if written evidence acceptable to CCC is submitted indicating that:

(1) Storage charges through the maturity date have been prepaid; or

(2) The producer has arranged with the warehouse operator for the payment of storage charges through the maturity date and the warehouse operator enters an endorsement in substantially the following form on the warehouse receipt:

Storage arrangements have been made by the depositor of the grain covered by this receipt through (date through which storage has been provided). No lien will be asserted by the warehouse operator against CCC or any subsequent holder of the warehouse receipt for the storage charges that accrued before the specified date.

(b) The beginning date to be used for computing storage deductions on the commodity stored in an approved warehouse shall be the later of the following:

(1) The date the commodity was received or deposited in the warehouse;

(2) The date the storage charges start; or

(3) The day following the date through which storage charges have been paid.

(c) For commodities delivered to CCC in settlement for a loan, CCC shall pay to the producer the warehouse charges for receiving the commodity, or in-charges. If the warehouse receipt delivered to CCC in settlement for a loan shows that such charges have been paid, CCC shall issue such payment to the producer. If the receipt shows that such charges have not been paid, the producer will assign such payment to the warehouse and CCC shall issue such payment to the warehouse for the producer's account.

#### § 1421.11 Liens.

(a) The county office shall file or record, as required by State law, all security agreements that are issued with respect to commodities pledged as collateral for loans. The cost of filing and recording shall be paid for by CCC.

(b) If there are any liens or encumbrances on the commodity, waivers

#### 7 CFR Ch. XIV (1-1-00 Edition)

that fully protect the interest of CCC must be obtained even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the commodity after the loan is approved.

#### § 1421.12 Fees, charges, and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC at a rate determined by CCC. The amount of such fees are available in State and county offices and are shown on the note and security agreement.

(b) Interest that accrues with respect to a loan shall be determined in accordance with part 1405 of this chapter. All or a portion of such interest may be waived with respect to a quantity of commodity that has been redeemed in accordance with § 1421.25 at a rate that is less than the principal amount of the loan plus charges and interest.

(c) For each crop of soybeans, the producer, as defined in the Soybean Promotion, Research, and Consumer Information Act (7 U.S.C. Chapter 6301), shall remit to CCC an assessment that shall be determined at the time CCC acquires the commodity, and shall be at a rate equal to one-half of 1 percent of the amount determined in accordance with § 1421.19.

(d) Additional fees representing amounts voted on by producers for marketing or promotional fees may be deducted from loan proceeds by CCC as requested and agreed to by the governing body of such marketing or promotional fee and CCC. Deduction of such fees from amounts due producers and the payment of such fees to such governing body shall be made by CCC in a manner and at such time as determined by CCC.

#### §§ 1421.13-1421.14 [Reserved]

#### § 1421.15 Loss or damage to the commodity.

The producer is responsible for any loss in quantity or quality of the commodity pledged as collateral for a farm-stored loan. CCC shall not assume any loss in quantity or quality of the loan collateral for farm-stored loans.

**§ 1421.16 Personal liability of the producers.**

(a) When a producer obtains a commodity loan or requests a loan deficiency payment, the producer agrees:

(1) When signing Form CCC-666, Farm Stored Loan Quantity Certification, when applicable, Form CCC-677, Farm Storage Note and Security Agreement, and Form CCC-678, Warehouse Storage Note and Security Agreement, that the producer will not:

(i) Provide an incorrect certification of the quantity or make any fraudulent representation for the loan; or

(ii) Remove or dispose of a quantity of commodity that is collateral for a CCC farm-stored loan without prior written approval from CCC in accordance with § 1421.20;

(2) When signing Form CCC-666 LDP, Loan Deficiency Payment Application and Certification, or CCC-709, Direct Loan Deficiency Payment Agreement, as applicable, that the producer will not provide an incorrect certification of the quantity or make any fraudulent representation for loan deficiency payment purposes; and

(3) That violation of the terms and conditions of the Form CCC-677, Form CCC-678, Form CCC-666 LDP, or Form CCC-709, as applicable, will cause harm or damage to CCC in that funds may be disbursed to the producer for a quantity of a commodity that is not actually in existence or for a quantity on which the producer is not eligible.

(b) The violations referred to in paragraph (a) of this section are defined as follows:

(1) Incorrect certification is the certifying of a quantity of a commodity for the purpose of obtaining a commodity loan or a loan deficiency payment in excess of the quantity eligible for such loan or loan deficiency payment or the making of any fraudulent representation with respect to obtaining loans or loan deficiency payments;

(2) Unauthorized removal is the movement of any farm-stored loan quantity from the storage structure in which the commodity was stored or structures that were designated when the loan was approved to any other storage structure whether or not such structure is located on the producer's farm without prior written authoriza-

tion from the county committee in accordance with § 1421.20, if the movement of loan collateral prevents CCC from obtaining the first lien on such collateral; and

(3) Unauthorized disposition is the conversion of any loan quantity pledged as collateral for a farm-stored loan without prior written authorization from the county committee in accordance with § 1421.20.

(c) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC for the violations in accordance with paragraph (b) of this section. Accordingly, if the county committee determines that the producer has violated the terms and conditions of Form CCC-677, Form CCC-678, Form CCC-666 LDP, or Form CCC-709, as applicable, liquidated damages shall be assessed on the quantity of the commodity that is involved in the violation. If CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note or the loan deficiency payment rate for the first offense; or

(ii) 25 percent of the loan rate applicable to the loan note or the loan deficiency payment rate for the second offense; or

(2) Did not act in good faith with regard to the violation, or for cases other than the first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note or the loan deficiency payment rate.

(d) For liquidated damages assessed in accordance with paragraph (c)(1) of this section, the county committee shall:

(1) Require repayment of the loan principal applicable to the loan quantity incorrectly certified or the loan quantity removed or disposed of for loan deficiency payment, the loan deficiency payment rate applicable to the loan deficiency quantity incorrectly certified, and charges, plus interest applicable to the amount repaid; and

(2) If the producer fails to pay such amount within 30 days from the date of notification, call the applicable loan involved in the violation, or for loan deficiency payments, require repayment of the entire loan deficiency payment and charges plus interest.

(e) For liquidated damages assessed in accordance with paragraph (c)(2) of this section, the county committee shall call the loan involved in the violation, or for loan deficiency payments, require repayment of the entire loan deficiency payment and charges plus interest.

(f) The county committee:

(1) May waive the administrative actions taken in accordance with paragraphs (c)(1) and (d) if the county committee determines that:

(i) The violation occurred inadvertently, accidentally, or unintentionally; or

(ii) The producer acted to prevent spoilage of the commodity.

(2) Shall not consider the following acts as inadvertent, accidental, or unintentional:

(i) Movement of loan collateral off the farm;

(ii) Movement of loan collateral from one storage structure to another on the farm, except as provided for in § 1421.17(b)(1); and

(iii) Feeding the loan collateral.

(3) Shall furnish a copy of its determination to the State committee, and the Administrator. If the determination of the county committee is not disapproved by either the State committee or the Administrator, FSA, or a designee, within 60 calendar days from the date the determination is received, such determination shall be considered to have been approved.

(g) If, for any violation in accordance with paragraph (b) of this section, the county committee determines that CCC's interest is not or will not be protected, the county committee shall call any or all of the producer's farm-stored loans, and deny future farm-stored loans and loan deficiency payments without production evidence for 24 months after the date the violation is discovered. Depending on the severity of the violation, the county committee may deny future farm-stored loans and loan deficiency payments without pro-

duction evidence for an additional 12 month period.

(h) If the county committee determines that the producer has committed a violation in accordance with paragraph (b), the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances that caused the violation, to the county committee; and

(2) Administrative actions will be taken in accordance with paragraphs (d) or (e) of this section.

(i) If the loan is called in accordance with this section, the producer may not repay the loan at the lower of the loan repayment rate in accordance with § 1421.25 and may not utilize the provisions of part 1401 of this chapter with respect to such loan.

(j) Producers who have been refused a farm-stored loan under provisions of this section may apply for a warehouse-stored loan.

(k)(1) If a producer:

(i) Makes any fraudulent representation in obtaining a loan or loan deficiency payment, maintaining, or settling a loan; or

(ii) Disposes or moves the loan collateral without the approval of CCC, such loan shall be payable upon demand by CCC. The producer shall be liable for:

(A) The amount of the loan or loan deficiency payment;

(B) Any additional amounts paid by CCC with respect to the loan or loan deficiency payment;

(C) All other costs that CCC would not have incurred but for the fraudulent representation, the unauthorized disposition or movement of the loan collateral;

(D) Interest on such amounts; and

(E) Liquidated damages assessed under paragraph (c) of this section.

(2) With regard to amounts due for a loan, the payment of such amounts may not be satisfied by:

(i) The forfeiture of loan collateral to CCC of commodities with a settlement value that is less than the total of such amounts; or

(ii) By repayment of such loan at the lower loan repayment rate as prescribed in § 1421.25 and may not utilize

the provisions of part 1401 of this chapter with respect to such loans.

(3) Notwithstanding any provisions of the note and security agreement, if a producer has made any such fraudulent representation or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC in accordance with §1421.20, the value of the settlement for such collateral delivered to or removed by CCC shall be determined by CCC in accordance with §1421.22.

(l) A producer shall be personally liable for any damages resulting from a commodity delivered to or removed by CCC containing mercurial compounds, toxin producing molds, or other substances poisonous to humans or animals.

(m) If the amount disbursed under a loan or in settlement thereof, or loan deficiency payment exceeds the amount authorized by this part, the producer shall be liable for repayment of such excess and charges, plus interest.

(n) If the amount collected from the producer in satisfaction of the loan is less than the amount required in accordance with this part, the producer shall be personally liable for repayment of the amount of such deficiency and charges, plus interest.

(o) In the case of joint loans or loan deficiency payments, the personal liability for the amounts specified in this section shall be joint and several on the part of each producer signing the note or loan deficiency payment application.

(p) Any or all of the liquidated damages assessed in accordance with the provisions of paragraph (c) may be waived as determined by CCC.

#### § 1421.17 Farm-stored commodities.

(a) The quantity of a commodity that shall be used to determine the amount of a farm-stored loan shall not exceed a percentage (the loan percentage), as established by the State committee that shall not exceed a percentage established by CCC, of the certified or measured quantity of the eligible commodity stored in approved farm storage and covered by the note and security agreement. The quantity of a commodity pledged as security for a farm-

storage loan shall be measured or certified in accordance with paragraph (e). Farm-stored loans may be made on less than the maximum quantity eligible for loan at the producer's request. If the loan quantity is reduced by the State committee, the county committee, or by request of the producer, such reduced quantity shall be the mortgaged quantity on the note and security agreement for the commodity in a bin, crib, or lot on which the loan is made.

(1) With respect to additional peanuts, loans shall be made on 100 percent of the estimated quantity pledged as collateral for a farm-stored loan.

(2) With respect to all other commodities, the State committee may establish a loan percentage that does not exceed a percentage established by CCC or may apply quality discounts to the loan rate, each year for each commodity on a Statewide basis or for specified areas within the State. Before approving a county committee request to establish a different loan percentage, or to apply quality discounts, the State committee shall consider conditions in the State or areas within a State to determine if the loan percentage should be reduced below the maximum loan percentage or the quality discounts should be applied to the basic county loan rate to provide CCC with adequate protection. Loans disbursed based upon loan percentages previously lowered and loan rates adjusted for quality shall not be altered if conditions within the State or areas within the State change to substantiate removing such reductions; percentages established or loan rates adjusted for quality in accordance with this section shall apply only to new loans and not to outstanding loans. The factors to be considered by the State committee in determining loan percentages or the necessity to apply quality discounts shall include but are not limited to:

- (i) General crop conditions;
- (ii) Factors affecting quality peculiar to an area within the State; and
- (iii) Climatic conditions affecting storability.

(3) The loan percentages established by the State committee may be reduced by the county committee when authorized on an individual farm, area,

or producer basis when determined to be necessary in order to provide CCC with adequate protection. The factors to be considered by the county committee in reducing the loan percentages shall include but not be limited to:

- (i) The condition or suitability of the storage structure;
- (ii) The condition of the commodity;
- (iii) The hazardous location of the storage structure, such as a location that exposes the structure to danger of flood, fire, and theft by a person not entrusted with possession of the commodity;
- (iv) Any disagreement with respect to the quantity of the commodity to be pledged as collateral for a loan; and
- (v) Such other factors that relate to the preservation or safety of the loan collateral.

(b) If an eligible quantity of a commodity except peanuts, has been commingled with an ineligible quantity of the commodity, the commingled commodity is not eligible to be pledged as collateral for a loan unless:

(1) The producer, when requesting a loan shall designate all structures that may be used for storage of the loan collateral. In such cases, the producer is not required to obtain prior written approval from the county committee before moving loan collateral from one designated structure to another designated structure. In all other instances, if the producer intends to move loan collateral from a designated structure to another undesignated structure, the producer must request prior approval from the county committee. Such approval shall be evidenced on Form CCC-687-1 and the eligible or ineligible commodity must be measured by a representative of the county office, at the producer's expense, before commingling; or

(2) The producer has made a certification with respect to the acreage planted to the commodity that is to be commingled for all farms in which the producer has an interest. When certifying to the acreage on all farms in which interest is held, the producer must provide acceptable evidence of the production and purchase of the commodity from which the county committee may determine whether the

eligible production claimed by the producer is reasonable in relation to the production practices on such farm or similar farms in the same county; or have either the eligible or ineligible commodity measured by a representative of the county office at the producer's expense, before commingling. Peanuts pledged as collateral for a loan must be stored separately from peanuts produced on any other farm and handled in such a manner that only the actual peanuts produced on the farm and on no other farm will be delivered to CCC.

(c) Upon request by the producer before transfer, the county committee may approve the transfer of a quantity of a commodity that is pledged as collateral for a farm-stored loan to a warehouse-stored loan at any time during the loan period.

(1) Liquidation of the farm-stored loan or part thereof shall be made through the pledge of warehouse receipts for the commodity placed under warehouse-stored loan and the immediate payment by the producer of the amount by which the warehouse-stored loan is less than the farm-stored loan or part thereof and charges plus interest. The loan quantity for the warehouse-stored loan cannot exceed 110 percent of the loan quantity transferred from the farm-stored loan.

(2) Any amounts due the producer shall be disbursed by the county office. The maturity date of the warehouse-stored loan shall be the maturity date applicable to the farm-stored loan that was transferred.

(d) Upon request by the producer before the transfer, the county committee may approve the transfer of a warehouse-stored loan or part thereof to a farm-stored loan at any time during the loan period. Quantities pledged as collateral for a farm-stored loan shall be based on a measurement by a representative of the county office before approving the farm-stored loan. The producer must immediately repay the amount by which the farm-stored loan is less than the warehouse-stored loan and charges plus interest on the shortage. The maturity date of the farm-stored loan shall be the maturity date applicable to the warehouse-stored loan that was transferred.

(e) The quantity of a commodity pledged as security for a farm-stored loan or for which a loan deficiency payment is requested may be determined on the basis of the quantity of the commodity that an eligible producer certifies in writing on Form CCC-666 for a loan and Form CCC-666 LDP or CCC-709, as applicable, for a loan deficiency payment, is pledged as collateral and is otherwise available for loan or loan deficiency payment purposes.

(f) If the county committee determines, by measurement or otherwise, that the actual quantity serving as collateral for a loan is less than the loan quantity, the county committee shall take the actions specified in § 1421.16.

**§ 1421.18 Warehouse-stored loans.**

(a) The quantity of a commodity that may be pledged as collateral for a loan shall be the quantity of any eligible commodity delivered to CCC for storage at an approved warehouse. Such quantity shall be the net weight specified on the warehouse receipt or supplemental certificate.

(b) To be eligible to be pledged as collateral for a loan, the commodity must not be Sample Grade and must meet the requirements of § 1421.5 and the commodity eligibility requirements, as determined by CCC. These requirements are available at State and county offices.

**§ 1421.19 Liquidation of loans.**

(a) If a producer does not pay to CCC the total amount due in accordance with a loan, CCC shall have the right to acquire title to the loan collateral and to sell or otherwise take possession of such collateral without any further action by the producer. With respect to farm-stored loans, the producer may, as CCC determines, deliver the collateral for such loan in accordance with instructions issued by CCC. CCC will not accept delivery of any quantity of a commodity in excess of 110 percent of the outstanding farm-stored loan quantity. If a quantity in excess of 110 percent of the outstanding farm-stored loan quantity is shown on the warehouse receipt or other documents, the producer shall provide replacement warehouse receipts and delivery docu-

ments. If the warehouse receipt and such other documents applicable to the settlement are not replaced showing only the quantity eligible for delivery, CCC shall provide for such corrected documents and apply charges for such service, if any, to the producer's account as charges for settlement on the loan.

(b) If the producer desires to deliver eligible commodities to CCC in satisfaction of the loan, the producer must notify CCC of such intention before the loan maturity date by giving written notice to the county office that disbursed the proceeds for such loan. If the producer fails to deliver such commodities to CCC by the date specified on Form CCC-691, Commodity Delivery Notice, and the producer subsequently redeems the commodity pledged as collateral for the loan before delivery is completed, interest shall continue to be assessed on such amount in accordance with part 1405 of this chapter.

(c) If, either before or after maturity, the commodity is going out of condition or is in danger of going out of condition, the producer shall so notify the county office and confirm such notice in writing. If the county committee determines that the commodity is going out of condition or is in danger of going out of condition and the commodity cannot be satisfactorily conditioned by the producer and delivery cannot be accepted within a reasonable length of time, the county committee shall arrange for an inspection and grade and quality determination. When delivery is completed, settlement shall be made on the basis of such grade and quality determination or on the basis of the grade and quality determination made at the time of delivery, whichever is higher, for the quantity actually delivered.

(d) If the producer loses control of the storage structure, or if there is insect infestation that cannot be controlled, danger of flood, or damage to the storage structure making it unsafe to continue storage of the commodity on the farm, the commodity may be delivered before the maturity date of the loan upon prior approval of the county committee in accordance with paragraph (a). Settlement will be made

## § 1421.20

## 7 CFR Ch. XIV (1-1-00 Edition)

with the producer as provided in § 1421.22.

### **§ 1421.20 Release of the commodity pledged as collateral for a loan.**

(a) A producer, when requesting a loan shall designate specific storage structures on Form CCC-677, in accordance with § 1421.17(b)(1). The producer is not required to request prior approval before moving loan collateral between such designated structures. Movement of loan collateral to any other structures not designated on CCC-677, or the disposal of such loan collateral without prior written approval of the county committee, shall subject the producer to the administrative actions specified in § 1421.16. A producer may at any time obtain the release, in accordance with this section, of all or any part of the commodity remaining as loan collateral by paying to CCC, with respect to the quantity of the commodity released:

(1) The principal amount of the loan that is outstanding and charges plus interest; or

(2) If CCC so announces, an amount less than the principal amount of the loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the commodity pledged as collateral for such loan in accordance with § 1421.25. The producer may request and CCC may approve removal of a quantity of the commodity from storage, without the payment to CCC of the loan amount, if the principal amount outstanding on such loan before such removal does not exceed the maximum loan value of the quantity of the commodity remaining in storage after such removal. When the proceeds of the sale of the commodity are needed to repay all or a part of a farm-stored loan, the producer must request and obtain prior written approval of the county office on a form prescribed by CCC in order to remove a specified quantity of the commodity from storage. Any such approval shall be subject to the terms and conditions set forth in the applicable form, copies of which may be obtained by producers at the county office. Any such approval shall not constitute a release of CCC's security interest in the commodity or release the

producer from liability for any amounts due and owing to CCC with respect to the loan indebtedness if full payment of such amounts is not received by the county office. If a producer fails to repay a loan within the time period prescribed by CCC for a farm-storage loan and commodity pledged as loan collateral has been delivered to a buyer in accordance with Form CCC-681-1, Authorization for Delivery of Loan Collateral for Sale, such producer may not repay the loan at the rate that is less than the loan rate determined in accordance with § 1421.25(a)(1)(ii) or (b)(2).

(b) CCC may allow a producer to establish a loan repayment rate determined in accordance with § 1421.25 (a)(1)(ii) or (b)(2) on Form CCC-681-1, Authorization for Delivery of Loan Collateral for Sale, provided the producer complies with all terms and conditions set forth on Form CCC-681-1. If a producer fails to repay a loan within the time period prescribed by CCC in accordance with the terms and conditions of Form CCC-681-1 and the commodity pledged as collateral for such loan has been delivered to a buyer in accordance with Form CCC-681-1, such producer may not repay the loan at the rate that is less than the loan rate determined in accordance with § 1421.25 (a)(1)(ii) or (b)(2).

(c)(1) The producer may arrange with the county office for the release of all or part of the commodity that is pledged as collateral for a warehouse-stored loan at or before the maturity of such loan by, with respect to the quantity of the commodity to be released, paying to CCC:

(i) The principal amount of the loan and charges plus interest; or

(ii) If CCC so announces, an amount less than the principal amount of the loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the commodity pledged as collateral for such loan in accordance with § 1421.25. Each partial release of the loan collateral must cover all of the commodity represented by one warehouse receipt. Warehouse receipts redeemed by repayment of the loan shall be released only to the producer. However, such receipts may be released to

persons designated in a written authorization that is filed with the county office by the producer within 15 days before the date of repayment.

(2) Upon the filing of Form CCC-699, Reconcentration Agreement and Trust Receipt, by the producer and warehouse operator, CCC may, during the loan period, approve the reconcentration in another CCC-approved warehouse of all or part of a commodity that is pledged as collateral for a warehouse-stored loan. Any such approval shall be subject to the terms and conditions set forth in Form CCC-699, Reconcentration Agreement and Trust Receipt.

(3) A producer may, before the new warehouse receipt is delivered to CCC, pay to CCC:

(i) The principal amount of the loan and charges plus interest and applicable charges; or

(ii) If CCC so announces, an amount less than the principal amount of the loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the commodity pledged as collateral for such loan in accordance with § 1421.25.

(d) The note and security agreement shall not be released until the loan has been satisfied in full.

(e) If the commodity is moved on a non-workday from storage without obtaining prior approval to move such commodity, such removal shall constitute unauthorized removal or disposition, as applicable, of such commodity unless the producer notifies the county office the next workday that such commodity has been moved and such movement is approved by CCC.

#### § 1421.21 [Reserved]

#### § 1421.22 Settlement.

(a) The value of the settlement of loans shall be made by CCC on the following basis:

(1) With respect to nonrecourse loans, the schedule of premiums and discounts for the commodity:

(i) If the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If the value of the collateral at settlement is greater than the amount due, such excess shall be retained by CCC and CCC shall have no obligation to pay such amount to any party.

(2) With respect to recourse loans, the proceeds from the sale of the commodity:

(i) If the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If the proceeds received from the sale of the commodity are greater than the sum of the amount due plus any cost incurred by CCC in conducting the sale of the commodity, the amount of such excess shall be paid to the producer or, if applicable, to any secured creditor of the producer.

(3) If CCC sells the commodity described in paragraph (a)(1) or (a)(2) in settlement of the loan, the sales proceeds shall be applied to the amount owed CCC by the producer. The producer shall be responsible for any costs incurred by CCC in completing the sale. CCC may deduct such amount from the sales proceeds.

(b) Settlements made by CCC with respect to eligible commodities that are acquired by CCC and that are stored in an approved warehouse shall be made on the basis of the entries set forth in the applicable warehouse receipt, supplemental certificate, and other accompanying documents.

(c)(1) All eligible commodities that are stored in other than approved warehouses shall be delivered to CCC in accordance with instructions issued by CCC. Settlement for such commodities shall be made on the basis of entries set forth in the applicable warehouse receipt, supplemental certificate, and other accompanying documents.

(2) With respect to all commodities, except peanuts, that are delivered from other than an approved warehouse, settlement shall be made by CCC on the basis of the basic loan rate that is in effect for the commodity at the producer's customary delivery point, as determined by CCC.

(3)(i) With respect to peanuts, settlement values for quota and additional peanuts shall be determined and announced annually by CCC. Settlement

shall be made by CCC on the amount computed on the basis of net weight and quality of such peanuts with an allowance of 4 percent for Virginia type peanuts and an allowance of 3.5 percent for other types of peanuts in order to compensate producers for shrinkage during storage on peanuts delivered on or after January 31 of the year following the year in which the crop was produced less discounts of:

(A) \$2 per ton, net weight, for each full 1 percent of foreign material in excess of 15 percent; and

(B) \$10 per ton, net weight, for peanuts containing more than 10 percent moisture.

(ii) No allowance for shrinkage shall be made for storage with respect to peanuts delivered before February 1 of the year following the year in which the crop was produced.

(iii) If a producer delivers peanuts from a farm to CCC in a quantity that would exceed the farm poundage quota when added to the peanuts marketed, and considered marketed from the farm as quota peanuts, the additional peanut loan rate shall be used with respect to such peanuts if CCC determines that the producer made an inadvertent error in determining the quantity of peanuts pledged as collateral as quota peanuts. If CCC determines that such error was not inadvertent, a loan shall not be made available with respect to such quantity and marketing quota penalties shall be assessed in accordance with part 729 of this title.

(iv) The loan rate for additional peanuts shall be used for all peanuts that do not grade Segregation 1 at the time of delivery to CCC if the producer does not elect to settle such additional peanuts as quota peanuts. If the producer elects to settle such peanuts as quota peanuts, the quantity shall not exceed the lesser of:

(A) The difference between the production of Segregation 1 peanuts on the farm and the farm poundage quota; or

(B) The amount of the under-marketing of quota peanuts as shown on the farm marketing card.

(4) With respect to rice acquired by CCC at a location other than an approved warehouse, settlement shall be made on the basis of the class, grade,

and quality entries set forth in the Federal-State inspection certificate and on the basis of the quantity set forth in the weight certificates.

(d) A producer may be required to retain and store the commodity that is pledged as collateral for a loan for a period of 60 days after the maturity date of a loan without any cost to CCC if CCC is unable to take delivery of the commodity. If CCC is unable to take delivery of the commodity within the 60-day period after the loan maturity date, the producer shall be paid a storage payment upon delivery of the commodity to CCC. The storage payment shall be computed at the storage rate stated in the applicable CCC storage agreement for the commodity in effect at the delivery point where the producer delivers the commodity. The period for earning such storage payment shall begin the day following the expiration of the 60-day period after such maturity date and extend through the earlier of:

(1) The final date of actual delivery; or

(2) The final date for delivery as specified in the delivery instructions issued to the producer by the county office.

(e) When a producer is directed by the county office to haul the commodity for delivery, except aromatic rice, a greater distance than would have been necessary to make delivery to the producer's customary delivery point, as determined by CCC, the producer will be allowed compensation, as determined by the State committee at a rate not to exceed the common carrier truck rate or the rate available from local truckers, for hauling the eligible commodity the additional distance. In determining the rate of payment for excess hauling, the State committee may establish reasonable mileage minimums below which producers will not receive compensation for hauling.

(f)(1) Producers may request trackloading for loan collateral where approved warehouse space is not available locally or where KCCO determines that it would be to the benefit of CCC. Where local weighing facilities are not available or when requested by producers, destination weights may be

used for settlement purposes. All producers loading in the same car must sign an agreement stating the percentage share of the total quantity to be credited to each. When requested by producers before delivery of the commodity, settlement may be made on the basis of destination grades. Such destination grade determination for a car shall be applied to the entire quantity of a commodity loaded into the same car, regardless of the grade or quality of a commodity loaded into the car by any producer.

(2) A trackloading payment of 19 cents per bushel (or 31.66 cents per hundredweight in the case of sorghum, oilseeds, and rice, excluding aromatic rice) shall be made to the producer on an eligible commodity delivered to CCC under this subsection.

(g) If a farm-stored commodity is delivered in advance of the applicable loan maturity date as provided in §1421.19, a deduction for storage charges shall be made. The deduction shall be made for the period from the date of delivery to the applicable maturity date for the commodity. Such deduction shall be at the rate charged by the warehouse to which the commodity was delivered. No deduction for storage charges shall be made for early delivery of a farm-stored commodity if the loan maturity date is accelerated by CCC under a general acceleration of the maturity date in a particular area.

(h) A refund of warehouse storage charges will be made by CCC to the producer if the maturity date of a warehouse storage loan is accelerated by CCC for reasons other than any wrongful act or omission on the part of the producer, and the commodity is not redeemed. The amount of the storage charges to be refunded shall be computed at the lesser of the UGRSA rate or the rate prepaid by the producer for the period of unearned storage.

(i) If a warehouse charges the producer for either the receiving charges or the receiving and loading out charges on an eligible commodity in an approved warehouse, the producer shall, upon delivery to CCC of warehouse receipts representing the commodity stored in such warehouse, be reimbursed or given credit by the county office for such prepaid charges at

the lesser of the UGRSA rate or the rate prepaid by the producer. The producer must furnish to the county office, written evidence signed by the warehouse operator that such charges have been paid.

#### § 1421.23 Foreclosure.

(a) Upon maturity and nonpayment of a warehouse-stored loan, title to the unredeemed collateral securing the loan shall immediately vest in CCC. Upon maturity and nonpayment of farm-stored loan, title to the unredeemed collateral securing the loan shall vest in CCC upon demand. When CCC acquires title to the unredeemed collateral, CCC shall have no obligation to pay for any market value that such collateral may have in excess of the loan indebtedness, (the unpaid amount of the note and charges plus interest).

(b) If the total amount due on a farm-stored loan (the unpaid amount of the note and charges, plus interest) is not satisfied upon maturity, CCC may remove the commodity from storage, and assign, transfer, and deliver the commodity or documents evidencing title thereto at such time, in such manner, and upon such terms as CCC may determine, at public or private sale. Any such disposition may also be effected without removing the commodity from storage. The commodity may be processed before sale and CCC may become the purchaser of the whole or any part of the commodity at either a public or private sale.

(c) If a farm-stored commodity removed by CCC from storage is sold, the value of the settlement for the commodity shall be determined according to §1421.22. If a deficiency exists, the amount of the deficiency may be setoff from any payment that would otherwise be due the producer from CCC or any other agency of the United States.

#### § 1421.24 Protein determinations.

(a) With respect to Hard Red Winter and Hard Red Spring wheat tendered to CCC that is stored in an approved warehouse, producers must obtain official protein content determinations or, if determined acceptable by CCC, protein content determinations arrived at by

## § 1421.25

## 7 CFR Ch. XIV (1–1–00 Edition)

mutual agreement between the producer and the warehouse operator. Costs of such determinations shall not be paid by CCC.

(b) With respect to farm-stored wheat, the basic loan rate shall not be adjusted to reflect the protein content.

### § 1421.25 Loan repayments.

(a) Rice market repayments.

(1) A producer may repay a non-recourse loan for a 1996 through 2002 crop of rice at a rate that is the lesser of:

(i) The loan rate and charges, plus interest determined for a crop; or

(ii) The prevailing world market price, as determined by CCC.

(2) The prevailing world market price for a class of rice shall be determined by the CCC based upon a review of prices at which rice is being sold in world markets and a weighting of such prices through the use of information such as changes in supply and demand of rice, tender offers, credit concessions, barter sales, government-to-government sales, special processing costs for coatings or premixes, and other relevant price indicators, and shall be expressed in U.S. equivalent values f.o.b. vessel, U.S. port of export, per hundredweight as follows:

(i) U.S. grade No. 2, 4 percent broken kernels, long grain milled rice;

(ii) U.S. grade No. 2, 4 percent broken kernels, medium grain milled rice; and

(iii) U.S. grade No. 2, 4 percent broken kernels, short grain milled rice.

(3) Export transactions involving rice and all other related market information will be monitored on a continuous basis for the purposes of paragraph (2). Relevant information may be obtained for this purpose from U.S. Department of Agriculture field reports, international organizations, public or private research entities, international rice brokers, and any other source of reliable information.

(4) The prevailing world market price for a class of rice adjusted to U.S. quality and location (the adjusted world price (AWP)), that is determined in accordance with paragraph (5), shall be applicable to the provisions in this section.

(5) The AWP for each class of rice shall equal the prevailing world mar-

ket price for a class of rice (U.S. equivalent value) as determined in accordance with paragraphs (a) (2) and (3) and adjusted to U.S. quality and location as follows:

(i) The prevailing world market price for a class of rice shall be adjusted to reflect an f.o.b. mill position by deducting from such calculated price an amount that is equal to the estimated national average costs associated with:

(A) The use of bags for the export of U.S. rice, and

(B) The transfer of such rice from a mill location to f.o.b. vessel at the U.S. port of export with such costs including, but not limited to, freight, unloading, wharfage, insurance, inspection, fumigation, stevedoring, interest, banking charges, storage, and administrative costs.

(ii) The price determined in accordance with paragraph (a)(5)(i) shall be adjusted to reflect the market value of the total quantity of whole kernels contained in such milled rice by deducting the world value of broken kernels contained therein, with such value of the broken kernels to be determined by multiplying the quantity of such broken kernels (4% per hundredweight) by the world market value of such broken kernels. The world market value of broken kernels shall be based upon the relationship of whole and broken kernel world prices as estimated from observations of prices at which rice is being sold in world markets.

(iii) The price determined in accordance with (a)(5)(ii) shall be adjusted to reflect the per pound market value of whole kernels by dividing the price by the quantity of whole milled kernels contained in the milled rice (96% per hundredweight).

(iv) The price determined in accordance with paragraph (a)(5)(iii) shall be adjusted to reflect the market value of whole kernels contained in 100 pounds of rough rice by multiplying such price by the estimated national average quantity of whole kernel rice by class obtained from milling 100 pounds of rough rice.

(v) The price determined in accordance with paragraph (a)(5)(iv) shall be adjusted to reflect the total market value of rough rice by:

(A) Adding to such price:

(1) The market value of bran contained in the rough rice, computed by multiplying the domestic unit market value of bran by the estimated national average quantity of bran produced in milling 100 pounds of rice; and

(2) The market value of broken kernels contained in the rough rice, computed by multiplying the estimated world market value of broken kernels by the estimated national average quantity of broken kernels produced in milling 100 pounds of rice;

(B) Deducting from such price:

(1) An estimated cost of milling rough rice; and

(2) An estimated cost of transporting rough rice from farm to mill locations.

(vi) The price determined in accordance with paragraph (a)(5)(v) may be adjusted to a whole kernel loan rate basis by deducting the estimated world market value of the total quantity of broken kernels contained in such rice and dividing the resulting value by the estimated national average quantity of milled whole kernels produced in milling 100 pounds of rice.

(6)(i) The adjusted world price for each class for rice, loan rate basis, shall be determined by CCC and shall be announced, to the extent practicable, on or after 3 p.m. eastern time each Tuesday, but may be announced more frequently, as determined by CCC, continuing through the later of:

(A) The last Tuesday of July 2003; or

(B) The last Tuesday of the latest month the 2002-crop rice loans mature.

(ii) In the event that Tuesday is a non-workday, the determination will be made on the next workday, on or after 3 p.m. eastern time.

(iii) The announced prices will be effective upon announcement and will remain in effect for a period as announced by the CCC.

(7) Notwithstanding any other provision of this section, on the day of the announcement of the adjusted world price, between 2 p.m. eastern time and the time of the world price announcement, CCC will not accept repayments of rice loans at a world market price level not previously locked-in, and applications for lock-in of a rice loan repayment rate.

(b) For 1996 through 2002 crops of barley, corn, grain sorghum, oats, wheat,

and oilseeds, a producer may repay a nonrecourse loan at a rate that is the lesser of:

(1) The loan rate and charges, plus interest determined for such crop; or

(2) The alternative repayment rate for barley, corn, grain sorghum, oats, wheat, and oilseeds.

(c) To the extent practicable, CCC shall determine and announce the alternative repayment rate, based upon the previous day's market prices at appropriate U.S. terminal markets as determined by CCC, adjusted to reflect quality and location for each crop of a commodity as follows:

(1) On a weekly basis in each county for oilseeds, except soybeans; and

(2) On a daily basis in each county for barley, corn, grain sorghum, oats, soybeans, and wheat.

#### **§ 1421.26 Transfer of farm-stored loan to warehouse-stored association loan.**

Producers may deliver peanuts under a farm-stored loan to the association and obtain loan advances on such peanuts with the prior approval of the county office anytime on or before January 31 following the calendar year in which the crop was grown. Association advances shall be payable jointly to the producer and the CCC and shall be used to settle the farm-stored loan.

#### **§ 1421.27 Producer-handler purchases of additional peanuts pledged as collateral for a loan.**

(a) Producer-handlers may, at any time before loan maturity, forfeit their additional peanuts to CCC and immediately repurchase such peanuts from CCC by paying the amount necessary under the following sales policies:

(1) For unrestricted use, at a price determined by CCC but, for the applicable type, not less than 105 percent of the quota loan rate, if purchased before December 31 of the calendar year in which the crop was grown, and at not less than 107 percent of the quota loan rate, if purchased after December 31 of the calendar year in which the crop was grown;

(2) For edible export, at a price determined by CCC but not less than any minimum sales price determined and announced by CCC; and

**§ 1421.28**

**7 CFR Ch. XIV (1-1-00 Edition)**

(3) For crushing (either domestic or export), at a price determined by CCC but not less than the additional loan rate for the applicable type.

(b) For purchases on or before January 31 following the calendar year in which the crop was grown, the county committee shall determine the sale price under the appropriate sales policy specified in paragraph (a). Loans will be settled at the county office, and amounts collected in excess of that necessary to settle loans will be remitted to the association for the respective area. The association will credit such amounts to the appropriate loan pool. The producer should be listed as a participant in the loan pool for the purpose of determining and distributing net gains from the loan pool.

(c) For purchases after January 31 following the calendar year in which the crop was grown, the county committee shall determine the sale price under the appropriate sales policy specified in paragraph (a). Any amount collected in excess of the loan indebtedness shall accrue to CCC.

[61 FR 37581, July 18, 1996, as amended at 62 FR 62692, Nov. 25, 1997]

**§ 1421.28 Required producer-handler records and supervision of farm-stored additional peanuts pledged as collateral for a loan or purchased by a producer-handler from loan.**

(a)(1) Each producer-handler shall maintain records as required in part 1446 of this chapter for all additional peanuts that are purchased and sold for which an ASCS-1007, Inspection Certificate and Sales Memorandum, is issued.

(2) The following records shall be maintained for all peanuts purchased from CCC that are not inspected. Each producer-handler shall maintain records that show all sales and other disposals of peanuts. Such records shall show date of sale, quantity, type, and to whom sold. Records shall be maintained in such a manner that will enable the county office to readily reconcile quantities sold with all peanuts produced by the producer. All records shall be maintained for a period of three years following the end of the marketing year in which the peanuts were produced.

(b)(1) The county office shall inspect and account for all additional peanuts pledged as collateral for a loan as determined necessary by the county committee.

(2) The county office shall supervise the disposition of all additional peanuts purchased for use as seed and not inspected. The identical peanuts pledged as collateral for a loan must be disposed of and the producer must account for all peanuts that were under additional loan. The producer-handler shall request a county office representative to supervise the disposition of the peanuts and shall give the county office at least 3 working days notice of the date of such disposition. The county office shall determine the extent to which supervision is needed.

(3) With respect to additional peanuts on which ASCS-1007 is issued, the producer-handler shall be subject to all provisions in part 1446 of this chapter relating to the disposition of additional peanuts.

(c) The producer-handler shall pay all costs of supervision, as determined by the county committee for county office supervision when county office supervision is completed, and or determined by the association for peanuts supervised by association representatives when association supervision is completed.

(d) The producer-handler is subject to penalties as provided in part 1446 of this chapter with respect to any peanuts purchased in accordance with § 1421.27.

**§ 1421.29 Loan deficiency payments.**

(a) CCC will announce whether loan deficiency payments will be made available to producers on a farm for a specific crop for a crop year.

(b) In order to be eligible to receive loan deficiency payments if such payments are made available for a crop, the producer of such commodity must:

(1) Comply with all of the program requirements to be eligible to obtain loans in accordance with this part;

(2) Agree to forego obtaining such loans;

## Commodity Credit Corporation, USDA

## § 1421.31

(3) File and request payment on Form CCC-666 LDP, unless the producer enters into an agreement according to paragraph (h), for a quantity of an eligible commodity; and

(4) Otherwise comply with all program requirements.

(c) The loan deficiency payment rate for a crop shall be the amount by which the loan rate for the crop exceeds the rate at which CCC has announced that producers may repay their loans in accordance with § 1421.25. Such rate shall be the amount determined on the day the producer submits a completed request for a loan deficiency payment to the county office. When such request is for rice and the request provides that the loan deficiency payment rate shall be based on the date of delivery, and the documentation of delivery indicates the rice was delivered after 3 p.m. eastern time, the loan deficiency payment rate in effect after 3 p.m. eastern time of the delivery date shall be used. In all other cases for rice where the loan deficiency payment rate is based on the delivery date, the payment rate in effect at 12:00:01 a.m. eastern time of the delivery date shall be used.

(d) The loan deficiency payment applicable to such crop shall be computed by multiplying the loan deficiency payment rate, as determined in accordance with paragraph (c), by the quantity of the crop the producer is eligible to pledge as collateral for a nonrecourse loan for which the loan deficiency payment is requested.

(e) The total amount of loan deficiency payment a producer may receive is limited in accordance with the regulations at part 1400 of this chapter.

(f) CCC will make the loan deficiency payment in accordance with paragraph (d). Notwithstanding any provisions in this part, a loan deficiency payment may be based on 100 percent of the net eligible quantity specified on acceptable evidence of production of the commodity certified as eligible for loan deficiency payment if such production evidence is provided for such commodity. If such production evidence is provided, CCC shall limit such increase in loan deficiency payment quantity to 110 percent of the quantity certified as eligible for such payment.

(g) Notwithstanding any other provision of this section, on the day of the announcement of the adjusted world price, applications for loan deficiency payments for rice that specify the payment rate will not be accepted between 2 p.m. eastern time and the time of the world price announcement.

(h) If the producer enters into an agreement with CCC on or before the date of harvesting a quantity of an eligible commodity and the producer has the beneficial interest in such quantity as specified in accordance with § 1421.5(c) on the date the commodity was harvested, the loan deficiency payment rate applicable to such commodity would be the loan deficiency payment rate based on the date the commodity was delivered to the processor, buyer, warehouse, or CMA. In such cases, the producer must meet all the other requirements in paragraph (b) on or before the final date to apply for a loan deficiency payment in accordance with § 1421.5.

### § 1421.30 Death, incompetency, or disappearance.

In case of the death, incompetency, or disappearance of any producer who is entitled to the payment of any sum in settlement of a loan or loan deficiency payment, payment shall, upon proper application to the county office that made the loan or loan deficiency payment, be made to the persons who would be entitled to such producer's payment under the regulations contained in part 707 of this title.

### § 1421.31 Recourse loans.

(a) CCC shall make recourse loans available to eligible producers of high moisture corn and high moisture grain sorghum. Repayment of such recourse loans shall be in accordance with the terms and conditions set forth by CCC.

(b) CCC may make recourse loans available to eligible producers with respect to commodities not specified in paragraph (a). Repayment of such recourse loans shall be in accordance with the terms and conditions set forth by CCC when the availability of such recourse loans is announced.

(c) The value of the collateral for settlements described in paragraphs (a)

## § 1421.32

and (b) shall be determined by CCC according to § 1421.22.

### § 1421.32 Handling payments and collections not exceeding \$9.99.

In order to avoid administrative costs of making small payments and handling small accounts, amounts of \$9.99 or less that are due the producer will be paid only upon the producer's request. Deficiencies of \$9.99 or less, including interest, may be disregarded unless demand for payment is made by CCC.

## Subpart—Regulations Governing the Wheat and Feed Grain Farmer-Owned Reserve Program for 1990 through 1995 Crops

### § 1421.200 Administration.

The Wheat and Feed Grain Farmer Owned Reserve (FOR) Program was not reauthorized by Congress for the 1996 crop. Effective for the 1990 through 1995 crops, the regulations setting forth the applicable terms and conditions for the Wheat and Feed Grain Farmer Owned Reserve (FOR) Program can be found in the regulations published in 7 CFR Part 1421 as of January 1, 1996, shall be applicable for any outstanding FOR loans on or after April 4, 1996.

[61 FR 37595, July 18, 1996]

## Subpart—Standards for Approval of Warehouses for Grain, Rice, Dry Edible Beans, and Seed

SOURCE: 44 FR 67078, Nov. 23, 1979, unless otherwise noted.

### § 1421.5551 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the initial or continuing approval by the Commodity Credit Corporation (hereinafter referred to as "CCC") of warehouse(s) for the storage and handling of:

(1) Wheat, oats, corn, rye, barley, sorghums, flaxseed, soybeans, sunflower seed, canola, rapeseed, safflower, mus-

## 7 CFR Ch. XIV (1-1-00 Edition)

tard, and such other oilseeds as the Secretary may determine under a Uniform Grain Storage Agreement (which commodities are hereinafter referred to as "grain"),

(2) Rough rice under a Uniform Rice Storage Agreement,

(3) Milled rice under a Milled Rice Storage Agreement,

(4) Dry Edible Beans under a Bean Storage Agreement, and

(5) Seed under a Seed Storage Agreement, which are owned by CCC or held by CCC as security for price support loans.

This subpart is not applicable to grain, rough and milled rice, dry edible beans, and seed purchased in store for prompt shipment or to handling operations of a temporary nature.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the "KCCO").

(c) A warehouse must be approved by KCCO and a storage contract or agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage contract or agreement does not constitute a commitment that CCC will use the warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman, when applying for approval under this subpart, shall submit to CCC at KCCO:

(1) A completed Form CCC-24, "Application for Approval of Warehouse for Grain, Rice, Dry Edible Beans, and Seed", and a completed Form CCC-24-1, "Supplement to Application for Approval of Warehouse for Grain, Rice, Dry Edible Beans, and Seed",

(2) A current financial statement prepared in accordance with generally accepted accounting principles meeting the following requirements:

(i) Each financial statement shall include, but not be limited to the following:

(A) A balance sheet;

**Commodity Credit Corporation, USDA**

**§ 1421.5552**

(B) A statement of income (profit and loss);

(C) Statement of retained earnings; and

(D) A statement of changes in the financial position.

(ii) Each financial statement shall be accompanied by one of the following:

(A) A report of audit or review conducted by an independent CPA or an independent public accountant in accordance with standards established by the American Institute of Certified Public Accountants. The accountant's report of audit or review shall include the accountant's certifications, assurances, opinions, comments, and notes with respect to such financial statement, or

(B) A compilation report of the financial statement which is prepared by a grain commission firm or a management firm if such firm has been authorized by the Deputy Vice President, CCC (Deputy Administrator, Commodity Operations, FSA) to provide a compilation report of financial statements of warehousemen.

(iii) All financial statements shall be accompanied by a certification by the chief executive officer of the warehouseman, under penalty of perjury, that the financial statement(s) accurately reflects the financial condition of the warehouseman for the period specified in such statement.

(iv) A current financial statement on Form WA-51-2, "Financial Statement", supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA-51-2 with approval of the Director, KCCO, or the Director's designee.

(v) Only one financial statement is required for a chain of warehouses owned or operated by a single business entity. If approved by the Director, KCCO, or the Director's designee, the financial statement of a parent company, which includes the financial position of a wholly-owned subsidiary, may be used to meet the CCC standards for approval for the wholly-owned subsidiary.

(3) Evidence that the warehouseman is licensed by the appropriate licensing authority as required under § 1421.5552(a)(2) and such other docu-

ments or information as CCC may require.

(e) The provisions of paragraph (d)(2) of this section shall also be applicable to warehousemen who have an existing storage contract with CCC. Such warehousemen with existing storage contracts shall submit their financial statements to CCC in the manner prescribed reflecting their financial condition as of the close of the warehouseman's fiscal or calendar year's operation, whichever is applicable. Thereafter, the financial statements and the audit, review or compilation reports shall be furnished annually to reflect the warehouseman's fiscal or calendar year's operation, whichever is applicable, and at such other times as may be required by the AMS or CCC.

[44 FR 67078, Nov. 23, 1979, as amended at 47 FR 22502, May 25, 1982; Amdt. 4, 50 FR 29640, July 22, 1985; 56 FR 46371, Sept. 12, 1991]

**§ 1421.5552 Basic standards.**

Unless otherwise provided in this subpart, each warehouseman and each of the warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or handling of CCC owned or loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman, if a corporation, shall be authorized by its charter to engage in such business,

(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations,

(3) Have a net worth which is the greater of \$50,000 or an amount which is computed by multiplying the maximum storage capacity of the warehouse (the total quantity of the commodity which the warehouseman desires to store and which the warehouse can accommodate when stored in the customary manner) under the approved contract with CCC times twenty-five (25) cents per bushel in the case of

**§ 1421.5553**

**7 CFR Ch. XIV (1-1-00 Edition)**

grain, fifty (50) cents per hundredweight in the case of rough rice, eighty-five (85) cents per hundredweight in the case of milled rice, and sixty (60) cents per hundredweight in the case of dry edible beans. In the case of seed, the net worth of the warehouseman shall be at least equal to an amount which is computed by multiplying the estimated number of pounds of seed to be stored times seven (7) cents per pound. If this calculated net worth requirement exceeds \$50,000, the warehouseman may satisfy any deficiency in net worth between the \$50,000 minimum requirement and such calculated net worth requirement by furnishing bonds, irrevocable letters of credit, or other acceptable substitute security meeting the requirements of § 1421.5553.

(4) Have available sufficient funds to meet ordinary operating expenses,

(5) Have satisfactorily corrected upon request by CCC, any deficiencies in the performance of any storage contract or agreement with CCC,

(6) Maintain accurate and complete inventory and operating records,

(7) Use only prenumbered warehouse receipts and scale tickets,

(8) Have available at the warehouse adequate and operable firefighting equipment for the type of warehouse and applicable stored commodity, and

(9) Have a work force and equipment available to complete load out within sixty (60) working days of that quantity of grain, rice, beans, or seed for which the warehouse is or may be approved under the Uniform Grain Storage Agreement, Uniform Rice Storage Agreement, Milled Rice Storage Agreement, Bean Storage Agreement, or Seed Storage Agreement. Notwithstanding the provisions of this paragraph, the load out capacity of any warehouse at a single location need not exceed the equivalent of 200 railroad cars per day.

(b) The warehouseman, officials, or supervisory employees of the warehouseman in charge of the warehouse operations shall have the necessary experience, organization, technical qualifications, and skills in the warehousing business regarding the applicable commodities to enable them to provide proper storage and handling services.

(c) Warehouseman, officials, and each of the supervisory employees of the warehouseman in charge of the warehouse operations shall:

(1) Have a satisfactory record of integrity, judgment, and performance, and

(2) Be neither suspended nor debarred under applicable CCC suspension and debarment regulations.

(d) The warehouse shall:

(1) Be of sound construction, in good state of repair, and adequately equipped to receive, handle, store, preserve, and deliver the applicable commodity,

(2) Be under the control of the contracting warehouseman at all times, and

(3) Not be subject to greater than normal risk of fire, flood, or other hazards.

[44 FR 67078, Nov. 23, 1979, as amended by Amdt. 4, 50 FR 29640, July 22, 1985; 51 FR 32627, Sept. 15, 1986; 55 FR 11572, Mar. 29, 1990]

**§ 1421.5553 Bonding requirements for net worth.**

A bond furnished by a warehouseman under this subpart must meet the following requirements:

(a) Such bond shall be executed by a surety which:

(1) Has been approved by the U.S. Treasury Department, and

(2) Maintains an officer or representative authorized to accept service of legal process in the State where the warehouse is located.

(b) Such bond shall be on Form CCC-33, "Warehouseman's Bond", except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:

(1) CCC determines that such bond provides adequate protection to CCC,

(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and

(3) It is noncancellable for not less than ninety (90) days or includes a

## Commodity Credit Corporation, USDA

## § 1421.5556

rider providing for not less than ninety (90) days' notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficient bond coverage on other warehouses.

(c) Cash and negotiable securities offered by a warehouseman may be accepted by CCC in lieu of the equivalent amount of required bond coverage. Any such cash or negotiable securities accepted by CCC will be returned to the warehouseman when the period for which coverage was required has ended and there appears to CCC to be no liability under the storage contract or agreement.

(d) A legal liability insurance policy may be accepted by CCC in lieu of the required amount of bond coverage provided such policy contains a clause or rider making the policy payable to CCC. CCC determines that it affords protection equivalent to a bond, and the Office of the General Counsel, U.S. Department of Agriculture, approves it for legal sufficiency.

(e) An irrevocable letter of credit may be accepted by CCC in lieu of the required amount of bond coverage provided that the issuing bank is a commercial bank insured by the Federal Deposit Insurance Corporation. Such standby letter of credit shall be on Form CCC-33A, "Irrevocable Letter of Credit", or on such other form as may be specifically approved by the Director, KCCO, or the Director's designee.

[44 FR 67078, Nov. 23, 1979, as amended by Amdt. 4, 50 FR 29640, July 22, 1985]

### § 1421.5554 Examination of warehouses.

Except as otherwise provided in this subpart, a warehouse must be examined by a person designated by CCC before it may be approved by CCC for the storage or handling of commodities and periodically thereafter to determine its compliance with CCC's standards and requirements.

### § 1421.5555 Exceptions.

Notwithstanding any other provisions of this subpart:

(a) The financial, bond, and original and periodic warehouse examination provisions of this subpart do not apply

to any warehouseman approved or applying for approval for the storage and handling of commodities under CCC programs if the warehouse is licensed under the U.S. Warehouse Act for such commodities but a special examination shall be made of such warehouse whenever CCC determines such action is necessary.

(b) A warehouseman who has a net worth of at least \$50,000 but who fails or whose warehouse fails to meet one or more of the other standards of this subpart may be approved if:

(1) CCC determines that the warehouse services are needed and the warehouse storage and handling conditions provide satisfactory protection for the commodity, and

(2) The warehouseman furnishes such additional bond coverage (or cash or acceptable negotiable securities or legal liability insurance policy) as may be prescribed by CCC.

[44 FR 67078, Nov. 23, 1979, as amended at 51 FR 32627, Sept. 15, 1986]

### § 1421.5556 Approval of warehouses, requests for reconsideration.

(a) CCC will approve a warehouse if it determines that the warehouse meets the standards set forth in this subpart. CCC will send a notice of approval to the warehouseman. Approval under this subpart, however, does not relieve the warehouseman of the responsibility for performing the warehouseman's obligations under any agreement with CCC or any other agency of the United States.

(b) Except as otherwise provided in this subpart:

(1) CCC will not approve the warehouse if CCC determines that the warehouse does not meet the standards set forth in this subpart, and

(2) CCC will send any notice of rejection of approval to the warehouseman. The notice will state the cause(s) for such action. Unless the warehouseman or any officials or supervisory employees of the warehouseman are suspended or debarred, CCC will approve the warehouse if the warehouseman establishes that the causes for CCC's rejection of approval have been remedied.

(c) If rejection of approval by CCC is due to the warehouseman's failure to meet the standards set forth:

**§ 1421.5557**

(1) In § 1421.5552, other than the standard set forth in paragraph (c)(2) thereof, the warehouseman may, at any time after receiving notice of such action, request reconsideration of the action and present to the Director, KCCO, in writing, information in support of such request. The Director shall consider such information in making a determination and notify the warehouseman in writing of such determination. The warehouseman may, if dissatisfied with the Director's determination, obtain a review of the determination and an informal hearing thereon by filing an appeal with the Deputy Administrator, Commodity Operations, Farm Service Agency (hereinafter referred to as "FSA"). The time of filing appeals, forms for requesting an appeal, nature of the informal hearing, determination and reopening of the hearing shall be as prescribed in the FSA regulations governing appeals, 7 CFR part 780. When appealing under such regulations, the warehouseman shall be considered as a "participant"; and

(2) In § 1421.5552(c)(2), the warehouseman's administrative appeal rights with respect to suspension and debarment shall be in accordance with applicable CCC regulations. After expiration of a period of suspension or debarment, a warehouseman may, at any time, apply for approval under this subpart.

[Amdt. 4, 50 FR 29640, July 22, 1985]

**§ 1421.5557 Exemption from requirements.**

If warehousing services in any area cannot be secured under the provisions of the subpart and no reasonable and economic alternative is available for securing such services for commodities under CCC programs, the President or Executive Vice President, CCC, may temporarily exempt, in writing, applicants for storage agreements and warehousemen who are currently under contract with CCC in such area from one or more of the standards of this subpart and may establish such other standards as are considered necessary to satisfactorily safeguard the interests of CCC.

[53 FR 8746, Mar. 17, 1988]

**7 CFR Ch. XIV (1-1-00 Edition)**

**§ 1421.5558 Contract and application and inspection fees.**

(a) Each warehouseman who has a non-federally licensed grain or rice warehouse in States that do not have a Cooperative Agreement with CCC for warehouse examinations must pay an annual contract fee to CCC for each such warehouse which is approved by CCC or for which CCC approval is sought as follows:

(1) A warehouseman who has an existing agreement with CCC for the storage or handling of CCC-owned commodities or commodities pledged to CCC as loan collateral must pay an annual contract fee for each warehouse approved under that agreement in advance of the renewal date of such agreement.

(2) All grain and rice warehousemen who do not have an existing agreement with CCC for the storage and handling of CCC-owned commodities or commodities pledged to CCC as loan collateral but who desire such an agreement must pay an application and inspection fee for each warehouse for which CCC approval is sought prior to CCC conducting the original warehouse examination. The annual contract fee must be paid by the warehouseman to CCC prior to the time that the agreement is entered into.

(3) The contract fee will be prorated based upon the total number of months for which the contract is to be effective.

(4) CCC may, upon the request of a warehouseman, conduct an examination of a warehouse for the sole benefit of the warehouseman and such warehouseman shall pay to CCC a fee equal to 1½ times the amount of the warehouseman's annual contract fee for such examination.

(b) Any subsequent changes in the contract and application fees shall be announced in the FEDERAL REGISTER.

#### **Subpart—Standards for Approval of Dry and Cold Storage Warehouses for Processed Agricultural Commodities, Ex- tracted Honey, and Bulk Oils**

SOURCE: 44 FR 67081, Nov. 23, 1979, unless otherwise noted.

##### **§ 1423.1 General statement and admin- istration.**

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the approval by the Commodity Credit Corporation (hereinafter referred to as "CCC") of warehouse(s) for the storage and handling of:

(1) Dry or refrigerated processed agricultural commodities under a Processed Commodities Storage Agreement (hereinafter referred to as "processed commodities"),

(2) Bulk oils, under a Contract or Agreement for Tank Storage, which are owned by CCC or held by CCC as collateral for price support loans, and

(3) Extracted Honey (hereinafter referred to as "honey") under a Honey Storage Agreement, either in bulk or in containers meeting specifications in the applicable honey price support regulations, which is owned by CCC or held by CCC as security for price support loans. This subpart shall not apply to processed commodities, extracted honey, and bulk oils purchased in store by CCC for prompt shipment or to handling of commodities.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the "KCCO").

(c) A warehouse must be approved by KCCO and a storage contract or agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage contract or agreement does not constitute a commitment that CCC will use the warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman when applying for approval under this subpart, shall submit to CCC at KCCO:

(1) A completed Form CCC-560, "Application for Approval of Warehouse (Processed Commodities)", or Form CCC-513, "Application for Approval of Tank Farm", or Form CCC-55, "Application for Approval of Warehouse for Honey Storage Contract", whichever is applicable,

(2) A current financial statement on Form WA-51, "Financial Statement", supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA-51 with approval of the Director, KCCO, or the Director's designee. Financial statements shall show the financial condition of the warehouseman as of a date no earlier than ninety (90) days prior to the date of the warehouseman's application, or such other date as CCC may prescribe. Additional financial statements shall be furnished annually and
